FINGERLESS GLOVES WORKED AS ONE PIECE INCLUDING THE CUFF

Crochet hook size: crochet hook size : J / 10 6.00 mm

Material: 4 ply worsted weight yarn (in this tutorial I used Red Heart Soft yarn; in the color of seafoam)

Instructions:

Click the link to watch the YouTube video tutorial: <https://youtu.be/xjhraAzuC0>

Start with a slip knot and chain 24.

ROW 1

sc into the second ch from hook, then 1 sc in each chain to end of row. (you should have 23 sc when you finish this row)

ROW 2

ch 1, turn, then 1 sc into the first 7 sts, working in the back loops only. Then 1 hdc until there are 2 sts remaining for this row, (this will be 1 hdc into the next 14 sts, until there are 2 sts remaining for this row) then 1 sc into the last 2 sts of this row.

ROW 3

ch 1, turn, then 1 sc into the first 2 sts, then 1 hdc into the next into the next 14 st, then 1 sc into the last 7 sts, working in the back loops only.

ROW 4 - ROW 20 - repeat row 2 and row 3 until you have 20 rows. Row 20 will be a repeat of row 2.

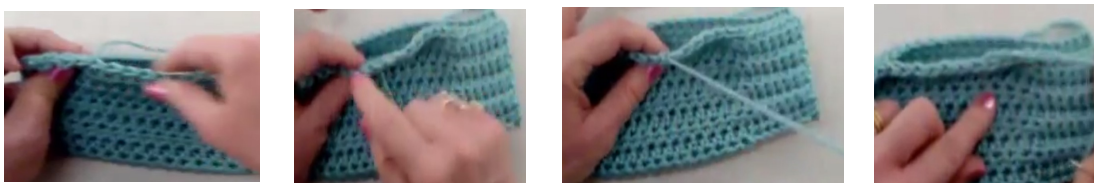

You can add more rows to make the glove larger.

Fasten off, leaving a long tail so that you can use the yarn tail to sew the glove together.

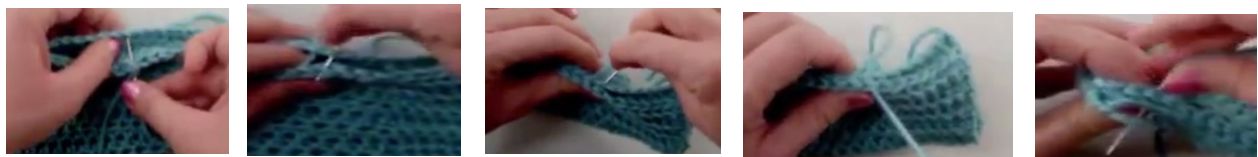

Finishing the glove – for help with finishing the glove - please click here to view the video tutorial <https://youtu.be/xhjhraAzuC0> and skip ahead to timestamp at 28:30 minutes to see how to finish the glove and sew together to allow for the thumb opening.

Fold the glove in half with the wrong side of the work facing out, then sew along the edge of the glove, sewing the first 7 sts together.

then skip the next 6 sts to allow for the thumb opening (you can weave the tail along one side of the glove and not through both edges for 6 sts, instead of cutting the tail, please see here in the video <https://youtu.be/xhjhraAzuC0> and skip ahead to timestamp at 30:02 minutes if you would like to see this part in the video tutorial. (you can also skip and additional stitch or 2 if you need a larger thumb opening.)

then sew the remaining stitches together along the edge of the glove working through both edges of the glove after the thumb opening.

Then cut yarn and weave in ends.

Then turn the glove inside out, since you want the right sides facing out and the sewing was done on the wrong side of the work.

Then repeat for the second glove for a set.
