ROUND 1

ch 5, join with a sl st to the first ch to form a circle, ch 1, then 12 sc into the

center of the circle, then join with a sl st to the first sc when you began the round. When you finish this round, you should have 12 sc.

ROUND 2 (need help with round 2, click here to view the tutorial <https://youtu.be/WLbT9t0h3a0> and skip ahead to the timestamp at 4.20 minutes

ch 1, then 1 hdc in to the same st that you just did the slip st to join when you finished row 1, then 1 hdc into each st for this round. Join with a sl st into the first st when you began this round. When you finish this round, you should have 12 hdc sts.

ROUND 3 (need help with round 3, click here to view the tutorial <https://youtu.be/WLbT9t0h3a0> and skip ahead to the timestamp at 7.12 minutes

ch 3 (please note in the video I did say ch 2, correction: meant to say ch 3) (this ch 3 will count as the first dc), then 1 dc into the same st that you just did a sl st to join when you finished round 2, then 2 dc into the remaining sts for this round. Then join with a slip st to the top of the first dc when you began this round. You should have 24 dc sts when you finish this round (the first ch 3 when you began the round did count as the first dc of this round).

Join with a sl st to the top of the ch 3 that you did when you began the round.
Fasten off .

Repeat ROUND 1 through 3 one more time to make a second round.

When you finish this second round for the second half of the dish scrubby you will not want to fasten off yet, since you will do a round of slip sts to join the two rounds to make a double thick dish scrubby.

ROUND 4 to connect the two rounds together. (need help with round 4, click here to view the tutorial <https://youtu.be/WLbT9t0h3a0> and skip ahead to the timestamp at 11:26 minutes

After you finish the second round, place the 2 rounds together with the wrong

sides of the work facing in, and the right sides of the work facing out, then attach with a sl st to join and then do a sl st in each st around working the slip sts loosely. Then fasten off and weave in ends.
